

MILPERSMAN 1306-1713

AVAILABILITY PROCESSING - CLASS "Y" - MEDICAL RELEASES

Responsible Office	NAVPERSCOM (PERS-4013C)	Phone:	DSN (901) 873-5172 COM 873-5253 FAX
	NAVPERSCOM (PERS-40A3)		DSN 874-3553 COM (901) 874-3553 FAX 874-2647

1. Class "Y" - Medical Releases. Personnel, who are available for assignment as a result of being hospitalized, placed on limited duty (LIMDU), completing hospitalization, or who have appeared before a medical board.

2. Report Submissions

a. Class "Y" availability reports will be submitted as soon as member's final status has been determined. Member's date of availability will be the date of the NAVMED 6100/1 (Rev. 10-83), Abbreviated Medical Evaluation Board Report (AMEBR) Cover Sheet, block 15.

b. Personnel recommended for initial period of LIMDU greater than 12 months, subsequent periods of LIMDU resulting in over 12 months cumulative LIMDU within their career or a third period of LIMDU, will await Navy Personnel Command (NAVPERSCOM), Disability Retirement/Limited Duty Branch (PERS-4821) direction **before** submitting Class "Y" availability report.

c. Personnel hospitalized while undergoing a course of instruction at a naval training activity.

(1) Return these personnel to the naval training activity from which received, provided hospitalization has not been for a period in excess of 4 months.

(2) Student personnel requiring LIMDU assignment must be made available.

d. Class "Y" availability reports must include availability items 1 through 9.

e. Class "Y" availability reports utilizing code "YH" for nuclear trained personnel (NEC 335X, 336X, 338X, 339X) will be

followed up with a copy of the medical board (NAVMED 6100/1) to Chief of Naval Operations (CNO), Nuclear Propulsion Branch (N133D).

f. For individuals returning to full duty with less than 24 months obligated service (OBLISERV), include in the availability remarks section the member's OBLISERV intentions.

(1) Will OBLISERV for _____ months.

(2) Will not OBLISERV.

g. **Do not** submit a Class "Y" availability report for the following:

(1) Personnel who are returned to duty and who are either awaiting discharge or have less than 3 months active OBLISERV.

(a) Refer to MILPERSMAN 1910-102.

(b) Inform NAVPERSCOM (PERS-4821/PERS-40) by message.

(2) Personnel recommended for retention to complete 20 or more years service. Await direction/instructions from NAVPERSCOM (PERS-4821).

(3) Personnel who were hospitalized from recruit training, confinement, or disciplinary status. Return these individuals in the same status to the command from which received (unless otherwise directed by competent authority).

(4) Personnel referred to Central Physical Evaluation Board (CPEB) for final disposition. Await direction/instructions from NAVPERSCOM (PERS-4821).

(5) Personnel assigned to shore duty (Type Duty Code "1").

(a) Personnel Support Detachments (PERSUPP DETs) will no longer submit an availability report for enlisted members going to or from a temporary limited duty (TLD) (ACC 105), with the exception of submarine designated and nuclear trained personnel. For those personnel, a YH avail must be submitted to NAVPERSCOM, Nuclear Power/Submarine Assignment Branch (PERS-403). The respective detailee will, in turn, issue orders as directed by NAVPERSCOM (PERS-4013C) utilizing current assignment procedures. **NOTE: These specific requirements are necessary to monitor special pays (Special Duty Assignment Pay**

(SDAP) and Submarine Pay) which may be paid to a member while on LIMDU, but for specific lengths of time.

(b) If the member's projected rotation date (PRD) does not provide sufficient time to cover the entire TLD period, the PERSUPP DET will submit a message to the appropriate assignment control authority (ACA), info NAVPERSCOM (PERS-4821) and Transient Monitoring Unit (TMU), requesting PRD adjustment.

NOTE: The TMU is responsible for adjusting incorrect PRDs for personnel on the first period of LIMDU; these will be reported on the monthly status message.

(c) The only exception to this is for members assigned to shore duty, able to return to duty, and who are within 90 days of PRD. In these cases, submit Class "Y" availability report and include the following in remarks "Member within 90 days of PRD."

(6) Personnel assigned to overseas shore duty (Type Duty Code "6").

(a) The member's command/PERSUPP DET will submit a narrative message report to the appropriate ACA, info NAVPERSCOM (PERS-4821).

(b) Indicate the availability and adequacy of medical care at the overseas site and provide information as to whether member's condition will/will not permit member to remain onboard current duty station.

(c) Final determination as to whether member will remain at current duty station or be returned to continental United States (CONUS) will be made by the appropriate ACA.

3. **Listing of Availability Codes**. The following table lists all Class "Y" availability codes and their description.

Code	Description	Notes
YA	E-1 through E-3 non-rated/non-designated personnel not within the criteria of any other Class "Y" availability.	
YC	E-1 through E-3 non-rated/non-designated personnel who were under direct assignment control of NAVPERSCOM prior to hospitalization, i. e., Ceremonial Guard, etc.	
YD	Rated/designated personnel not within the criteria of any other Class "Y" availability.	1

Code	Description	Notes
YE	Hospital releases from a non-naval military medical facility.	
YF	Hospital releases from a non-military medical facility.	
YH	Personnel available for first or subsequent consecutive LIMDU, not requiring Bureau of Medicine and Surgery (BUMED) or NAVPERSCOM approval action. State in remarks section number of months LIMDU specified in medical board, layman's description of member's physical condition (international classification of diseases (ICD) codes may be used), physical limitations, geographical limitation, and availability/nonavailability of medical facility/treatment. Include location of family member(s) if applicable. Member is to be made available from the date of the medical board.	1,2,3
YI	For use only when specifically directed by NAVPERSCOM (PERS-4821). Recommended for full duty, which required NAVPERSCOM/BUMED/CPEB approval action (reference the NAVPERSCOM authorization in remarks section).	
YJ	Full duty not requiring NAVPERSCOM/BUMED approval action. To be submitted by the PERSUPP DET having cognizance of the member's service record. Submit upon decision of the attending physician to return member to full duty at the conclusion of the TLD period, or anytime prior to conclusion, by recording the findings on an SF 600 (Rev. 06-97), Chronological Record of Medical Care. Submit also upon receipt of the TLD medical board report (NAVMED 6100/5) with the final disposition of fit for full duty.	
YK	Release from drug/alcohol abuse rehabilitation (specify drug or alcohol in remarks section).	
YM	For use only when specifically directed by NAVPERSCOM (PERS-4821). Personnel assigned LIMDU designations (i.e., L4, L5, L-M). State in remarks section layman's description of member's physical condition, physical limitations, and geographical limitations. Reference MILPERSMAN 1306-020 and NAVPERSCOM authorization. Submit availability only if one or more of the following conditions exist: (a) Member is not on Type Duty Code "1." (b) Member is in ACC 3XX. (c) There is a valid medical reason to transfer member.	1

Code	Description	Notes
YN	Assigned to nuclear trained personnel (NECs 335X, 336X, 338X, 339X) who require additional screening by BUMED (MED-21) and CNO (N133D), and have completed their required LIMDU period, have been found physically fit for submarine duty, and/or occupational exposure to ionizing radiation. NAVPERSCOM (PERS-403) will direct submission when screening is complete.	
YO	For use only when specifically directed by NAVPERSCOM (PERS-4821). Recommended for second, subsequent, or extended period of LIMDU, which required NAVPERSCOM/BUMED approval action. State in remarks section layman's description of member's physical condition, physical limitations, geographical limitations, number of months specified in medical board, and reference NAVPERSCOM authorization. Member is to be made available from the date of the medical board.	1

Note 1: Explanation in remarks section is required.

Note 2: Diary Message Reporting System (DMRS) submissions only allow for two limited lines of remarks. Known/accepted abbreviations, ICD codes, and 3-letter location codes are all acceptable and their use encouraged.

Example REM1: GMO ICD 524.24 NO RUN STAND PRT CLIMB OVS/
Example REM2: MEDAVAIL DEPGJK/

Note 3: For nuclear trained personnel (NECs 335X, 336X, 338X, 339X) forward a copy of the initial medical board (NAVMED 6100/1) to CNO (N133D) when it becomes available.
